- Children have a natural aptitude for music that blossoms in a sufficiently rich music environment, the kind that Music Together provides in class and supports at home. Children can learn to sing and dance as naturally as they learn to walk and talk if parents/caregivers model music making—and participating in Music Together classes makes this easy, no matter your skill level.
- Young children learn through play and experimentation and by watching and listening to the grownups they love, but parents don't need to have music skills; they just need to be willing to play and have fun with their children!
- Our research-based curriculum not only develops music skills, it nurtures creativity, self-expression and confidence while also supporting social, emotional, cognitive, language and physical development.
- The family-like setting of Music Together's mixed-age classes enables siblings to attend together, creating an ideal learning environment where infants, toddlers and preschoolers can freely participate at their own levels.
- Music Together song collections have outstanding arrangements that are fun, sophisticated and loved by children and grownups alike. The music includes a delightful mix of both original songs and traditional tunes from the folk, jazz and world music genres in a wide variety of tonalities and meters, providing a rich buffet of ear food.

#### TUITION INCLUDES

- Ten weekly 45-minute classes
- A professionally-recorded CD of the class activities: songs, rhythmic rhymes and tonal and rhythm patterns—and a code to digitally download or stream these same materials
- A child-sized songbook/storybook with gorgeous illustrations that welcomes you to the music.
- "Music and Your Child: A Guide for Parents and Caregivers," an engaging overview of early childhood music development designed to help you help your child get the most out of our classes.
- Access to the 'Family Music Zone' online with videos and activities to enrich your child's music experience
- A chart to help parents and caregivers track children's music growth through Music Together sessions
- Parent education to help adults understand and enhance their children's music development

**REGISTRATION IS ON A FIRST-COME, FIRST-SERVED BASIS** and classes often fill quickly, so please register early to avoid disappointment. We limit each class to twelve registered children and their accompanying adults and up to two infant siblings. We cannot guarantee your first choice of class times, but will do our best to honor your request and appreciate your flexibility.

Please note that under-enrolled classes (fewer than six children) will be canceled and we will do our best to find

another class time that works for you. If we are not able to find you an alternative class, we will issue a full refund.

**MAKE-UPS** Two make-up classes are allowed within the current session. If more make-ups are needed due to special circumstances, this is possible at the director's discretion.

**TUITION/REGISTRATION FEE** For a ten-week session, tuition for the first registered child in a family is \$186 and \$99 for each additional sibling eight months or older. Infants under eight months on the first day of the fall session (born after January 22, 2018) attend free with a paying sibling. We allow up to two infant auditors per class. All infants are welcome. If they are not siblings of a paying child, their tuition is the same as the first registered child in a family. There is a one-time-only registration fee of \$15 for families registering for the first time for all locations except our Parks and Rec and Community Ed locations. Tuition refunds will be given only if requested at least one week before the start of the fall session, so on or before September 15, 2018. After this date, credit toward future sessions may be issued in special circumstances but refunds are not given. For classes in locations where Parks and Rec and/ or Community Ed departments process registrations and take payments, their respective refund policies apply.
